**Making Saints** - Kenneth L. Woodward - 2016-04-26
From inside the Vatican, the book that became a modern classic on sainthood in the Catholic Church. Working from church documents, Kenneth Woodward shows how saint-makers decide who is worthy of the church's highest honor. He describes the investigations into lives of candidates, explains how claims for miracles are approved or rejected, and reveals the role politics -- papal and secular -- plays in the ultimate decision. From his examination of such controversial candidates as Archbishop Oscar Romero of El Salvador and Edith Stein, a Jewish philosopher who became a nun and was gassed at Auschwitz, to his insights into the changes Pope John Paul II has instituted, Woodward opens the door on a 2,000-year-old tradition.

The Saint Makers - Joe Drape
New York Times journalist and bestselling author Joe Drape chronicles the unlikely alliance between Father Hotze and Dr. Andrea Ambrosi, a country priest and a cosmopolitan Italian canon lawyer, as the two piece together the life of a long dead Korean War hero and military chaplain and fashion it into a case for eternal divinity. The Saint Makers offers a front row seat to the Catholic Church's saint-making machinery -- which has changed little in two thousand years -- and examines how, or if, faith and science can co-exist.

The Saint Makers leads readers from the plains of Kansas to the opulent halls of the Vatican, and into the modest ranch homes of the two individuals, Avery Gerleman and Chase Kear, whose lives were threatened by illness and injury and whose family and friends prayed to Father Kapaun, sparking miraculous recoveries in the heart of America.

The Saint Makers is the story of a journey of faith -- for two priests separated by seventy years, for the two young athletes who were miraculously brought back to life with (or without) the intervention of the divine, as well as for readers -- and the author -- trying to understand and accept what makes a person truly worthy of the Congregation of Saints in the eyes of the Catholic Church.

A Saint of Our Own - Kathleen Sprows Cummings - 2019-02-27
What drove U.S. Catholics in their arduous quest, full of twists and turns over more than a century, to win an American saint? The absence of American names in the canon of the saints had left many of the faithful feeling spiritually unmoored. But while canonization may be fundamentally about holiness, it is never only about holiness, reveals Kathleen Sprows Cummings in this panoramic, passionate chronicle of American sanctity.
Catholics had another reason for petitioning the Vatican to acknowledge an American holy hero. A home-grown saint would serve as a mediator between heaven and earth, yes, but also between Catholicism and American culture. Throughout much of U.S. history, the making of a saint was also about the ways in which the members of a minority religious group defined, defended, and celebrated their identities as Americans. Their fascinatingly diverse causes for canonization—from Kateri Tekakwitha and Elizabeth Ann Seton to many others that are failed, forgotten, or still under way—represented evolving national values as Catholics made themselves at home. Cummings's vision of American sanctity shows just how much Catholics had at stake in cultivating devotion to men and women perched at the nexus of holiness and American history—until they finally felt little need to prove that they belonged.

Making Saints in Modern China - David Ownby - 2016-12-01
"Sainthood" has been, and remains, a contested category in China, given the commitment of China's modern leadership to secularization, modernization, and revolution, and the discomfort of China's elite with matters concerning religion. However, sainted religious leaders have succeeded in rebuilding old institutions and creating new ones despite the Chinese government's censure. This book offers a new perspective on the history of religion in modern and contemporary China by focusing on the profiles of these religious leaders from the early 20th century through the present. Edited by noted authorities in the field of Chinese religion, Making Saints in Modern China offers biographies of prominent Daoists and Buddhists, as well as of the charismatic leaders of redemptive societies and state managers of religious associations in the People's Republic. The focus of the volume is largely on figures in China proper, although some attention is accorded to those in Taiwan, Hong Kong, and other areas of the Chinese diaspora. Each chapter offers a biography of a religious leader and a detailed discussion of the way in which he or she became a "saint." The biographies illustrate how these leaders deployed and sometimes retooled traditional themes in hagiography and charismatic communication to attract followers and compete in the religious marketplace. Negotiation with often hostile authorities was also an important aspect of religious leadership, and many of the saints' stories reveal unexpected reserves of creativity and determination. The volume's contributors, from the United States, Canada, France, Italy, China, and Taiwan, provide cutting-edge scholarship. Taken together, these essays make the case that vital religious leadership and practice has existed and continues to exist in China despite the state's commitment to wholesale secularization.

<td>How should the Catholic church remember the sins of its saints? This question proves particularly urgent in the case of those saints who were canonized due to their relation to black slavery. Today, many of their racial virtues seem like racial vices. In this way, the church celebrates Peter Claver, a seventeenth-century Spanish missionary to Colombia, as “the saint of the slave trade,” and extols Martin de Porres as the patron saint of mixed race people. But in truth, their sainthoods have upheld anti-blackness much more than they have undermined it. Habituated by anti-blackness, the church has struggled to perceive racial holiness accurately. In the ongoing cause to canonize Pierre Toussaint, a Haitian-born former slave, the church continues to enact these bad racial habits. This book proposes black fugitivity, as both a historical practice and an interpretive principle, to be a strategy by which the church can build new hagiographical habits. Rather than searching inside itself for racial heroes, the church should learn to celebrate those black fugitives who sought refuge outside of it.</td>

Saints Around the World - Meg Hunter-Kilmer - 2021-08-16
The lives of the Saints are one of the most powerful ways God draws people to himself, showing us the love and the joy we can find in him. But so often, these Saints seem distant—impossibly holy or dull or unlike us in race and age and state in life. In Saints Around the World, you’ll meet over one-hundred Saints from more than sixty countries, including Saints with different disabilities, strengths, and struggles. The beautiful illustrations and captivating storytelling will introduce you and your children to new heavenly friends while also helping you fall more in love with Jesus. Each story in this book is written not only to capture the imagination but also to speak about God’s tremendous love and our call to be saints. There are stories in Saints Around the World for when you feel like life isn’t fair, when people are being unkind to you, when you’ve made a terrible mistake, when you’re struggling at school, when prayer is hard. And there are stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a cigar while enemy soldiers amputate your leg. There are scared Saints, brilliant Saints, weak Saints, adventurous Saints, abused Saints, overjoyed Saints, disabled Saints—and the point of every one of them is the love of God. Whether you’re checking the map to find Saints who look like you or perusing the extensive indices to find Saints with your skills or struggles, you’ll find countless stories in this book that remind you how very possible holiness is.

Saints - Dawn Marie Beutner - 2020-04-07
Jesus told us to be perfect, and the Second Vatican Council highlighted this command by speaking of the universal call to holiness for all Christians. How do we answer this call? One great way is to learn from and pray with the saints, the ordinary men and women who fought the good fight to be holy until the end of their lives – and won. The saints have inspired Christians for more than two thousand years because they show us what it looks like to follow Jesus Christ despite countless challenges and obstacles. This unique book contains short biographies of several saints, along with prayers to each one, for every day of the year. It also provides definitions of Church terms and other helpful back - ground information. The saints in this collection come from every period of Church history and all walks of life. They represent numerous countries, cultures, age groups, and vocations. They show us that holiness truly is a path open to anyone, and by their example and prayers they help us to follow it.

The Saint Makers - Joe Drape - 2022-04-19
Part biography of a wartime adventurer, part detective story, and part faith journey, this intriguing book from New York Times journalist and bestselling author Joe Drape takes us inside the modern-day process of the making of a saint. The Saint Makers chronicles the unlikely alliance between Father Hotze and Dr. Andrea Ambrosi, a country priest and a cosmopolitan Italian canon lawyer, as the two piece together the life of a long dead Korean War hero and military chaplain and fashion it into a case for eternal divinity. Joe Drape offers a front row seat to the Catholic Church’s saint-making machinery-which, in many ways, has changed little in two thousand years- and examines how, or if, faith and science can co-exist. This rich and unique narrative leads from the plains of Kansas to the opulent halls of the Vatican, through brutal Korean War prison camps, and into the stories of two individuals, Avery Gerleman and Chase Kear, whose lives were threatened by illness and injury and whose family and friends prayed to Father Kapaun, sparking miraculous recoveries in the heart of America. Gerleman is now a nurse, and Kear works as a mechanic in the aerospace industry. Both remain devoted to Father Kapaun, whose opportunity for sainthood relies in their belief and medical charts. At a time when the church has faced severe scandal and damage, and the world is at the mercy of a pandemic, this is an uplifting story about a priest who continues to an example of goodness and faith. Ultimately, The Saint Makers is the story of a journey of faith -- for two priests separated by seventy years, for the two young athletes who were miraculously brought back to life with (or without) the intercession of the divine, as well as for readers -- and the author -- trying to understand and accept what makes a person truly worthy of the Congregation of Saints in the eyes of the Catholic Church.

**The Good Pope** - Greg Tobin - 2012-09-25
“John XXIII was, in the best possible sense, a revolutionary—a Pope of modernization who kept in continuity with the church’s past, yet made even the most enlightened of his 20th century predecessors seem like voices of another age.” —Time magazine “The story of Good Pope John is always worth telling....Greg Tobin tells it very well. As we wait for better days, this story will help to keep hope alive.” —Thomas Groome, Professor of Theology and Religious Education at Boston College, author of Will There Be Faith Published in the 50th anniversary year of the historic Vatican Council II, The Good Pope by Greg Tobin is the first major biography of Pope John XXIII, a universally beloved religious leader who ushered in an era of hope and openness in the Catholic Church—and whose reforms, had they been accepted, would have enabled the church to avoid many of the major crises it faces today. Available prior to John XXIII’s likely canonization, Tobin’s The Good Pope is timely and important, offering a fascinating look at the legacy of Vatican Council II, an insightful investigation into the history of the Catholic Church, and a celebration of one of its true heroes.

Vernacular Catholicism, Vernacular Saints - Reid B. Locklin - 2017-03-27
A collection of Raj's groundbreaking ethnographic studies of "vernacular" Catholic traditions in Tamil Nadu, India. At the turn of the twenty-first century, Selva J. Raj (1952–2008) was one of the most important scholars of popular Indian Christianity and South Asian religion in North America.
Vernacular Catholicism, Vernacular Saints gathers together, for the first time in a single volume, a series of his groundbreaking studies on the distinctively "vernacular" Catholic traditions of Tamil Nadu in southeast India. This collection, which focuses on four rural shrines, highlights ritual variety and ritual transgression in Tamil Catholic practice and offers clues to the ritual exchange, religious hybridity, and dialogue occurring at the grassroots level between Tamil Catholics and their Hindu and Muslim neighbors. Raj also advances a new and alternative paradigm for interreligious dialogue that radically differs from models advocated by theologians, clergy, and other religious elite. In addition, essays by other leading scholars of Indian Christianity and South Asian religions—Michael Amaladoss, Purushottama Bilimoria, Corinne G. Dempsey, Eliza F. Kent, and Vasudha Narayan—an are included that amplify and creatively extend Raj's work. "...a fine volume about the interaction between Hinduism and Christianity in South India." — from the Afterword by Wendy Doniger

Making Martyrs East and West - Cathy Caridi - 2016-03-14
For centuries, Catholics in the Western world and the Orthodox in Russia have venerated certain saints as martyrs. In many cases, both churches recognize as martyrs the same individuals who gave their lives for Jesus Christ. On the surface, it appears that while the external liturgical practices of Catholics and Russian Orthodox may vary, the fundamental theological understanding of what it means to be a martyr, and what it means to canonize a saint, are essentially the same. But are they? In Making Martyrs East and West, Caridi examines how the practice of canonization developed in the West and in Russia, focusing on procedural elements that became established requirements for someone to be recognized as a saint and a martyr. She investigates whether the components of the canonization process now regarded as necessary by the Catholic Church are fundamentally equivalent to those of the Russian Orthodox Church, and vice versa, while exploring the possibility that the churches use the same terminology and processes, but in fundamentally different ways that preclude the acceptance of one church's saints by the other. Caridi examines official church documents and numerous canonization records, collecting and analyzing information from several previously untapped medieval Russian sources. Her highly readable study is the first to focus on the historical documentation on canonization specifically for juridical significance. It will appeal to scholars of religion and church history, as well as ecumenicists, liturgists, canonists, and those interested in East-West ecumenical efforts.
Making Martyrs East and West - Cathy Caridi - 2016-03-14
For centuries, Catholics in the Western world and the Orthodox in Russia have venerated certain saints as martyrs. In many cases, both churches recognize as martyrs the same individuals who gave their lives for Jesus Christ. On the surface, it appears that while the external liturgical practices of Catholics and Russian Orthodox may vary, the fundamental theological understanding of what it means to be a martyr, and what it means to canonize a saint, are essentially the same. But are they? In Making Martyrs East and West, Caridi examines how the practice of canonization developed in the West and in Russia, focusing on procedural elements that became established requirements for someone to be recognized as a saint and a martyr. She investigates whether the components of the canonization process now regarded as necessary by the Catholic Church are fundamentally equivalent to those of the Russian Orthodox Church, and vice versa, while exploring the possibility that the churches use the same terminology and processes, but in fundamentally different ways that preclude the acceptance of one church’s saints by the other. Caridi examines official church documents and numerous canonization records, collecting and analyzing information from several previously untapped medieval Russian sources. Her highly readable study is the first to focus on the historical documentation on canonization specifically for juridical significance. It will appeal to scholars of religion and church history, as well as ecumenicists, liturgists, canonists, and those interested in East-West ecumenical efforts.

Merchants in the Temple - Gianluigi Nuzzi - 2015-11-10
From a bestselling author with unprecedented access to Pope Francis, an investigative look at the recent financial scandals at the highest levels of the Vatican A veritable war is waging in the Church: on one side, there is Pope Francis’s strong message for one church of the poor and all; on the other, there is the old Curia with its endless enemies, and the old and new lobbies struggling to preserve their not-so-Christian privileges. The old guard do not back down, they are ready to use all means necessary to stay in control and continue the immoral way they conduct their business. They resist reforms sought by Pope Francis and seek to delegitimize their opponents, to isolate those who want to eliminate corruption. It’s a war that will determine the future of the church. And if he loses the battle against secular interests and blackmail, Pope Francis could resign, much like his predecessor. Based on confidential information—including top secret documents from inside the Vatican, and actual transcripts of Pope Francis’s admonishments to the papal court about the lack of financial oversight and responsibility—Merchants in the Temple illustrates all the undercover work conducted by the Pope since his election and shows the reader who his real enemies are. It reveals the instruments Francis is using to reform the Vatican and rid it, once and for all, of the overwhelming corruption traditionally encrusted in the Roman Catholic Church. Merchants in the Temple is a startling book that will shock every reader. It’s a story worthy of a Dan Brown novel, with its electrifying details of the trickery and scheming against the papacy—except that it is real.

**Stalking the Holy** - Michael W. Higgins - 2006

In Stalking the Holy, writer and scholar Michael W. Higgins explores the Roman Catholic pursuit of saint-making - the pre-eminent Christian model, he argues, with its elaborate features and arcane cast of players such as the relator and the promotor of the faith. He points out that if saints are not actually made so much as recognized by the Church, nevertheless this official recognition is a form of manufacture, involving motivation, expertise, and risk.

**Afro-Catholic Festivals in the Americas** - Cécile Fromont - 2019-05-15

This volume demonstrates how, from the beginning of the Atlantic slave trade, enslaved and free Africans in the Americas used Catholicism and Christian-derived celebrations as spaces for autonomous cultural expression, social organization, and political empowerment. Their appropriation of Catholic-based celebrations calls into question the long-held idea that Africans and their descendants in the diaspora either resignedly accepted Christianity or else transformed its religious rituals into syncretic objects of stealthy resistance. In cities and on plantations throughout the Americas, men and women of African birth or descent staged mock battles against heathens, elected Christian queens and kings with great pageantry, and gathered in festive rituals to express their devotion to saints. Many of these traditions endure in the twenty-first century. The contributors to this volume draw connections between these Afro-Catholic festivals—observed from North America to South America and the Caribbean—and their predecessors in the early modern kingdom of Kongo, one of the main regions of origin of men and women enslaved in the New World. This transatlantic perspective offers a useful counterpoint to the Yoruba focus prevailing in studies of African diasporic religions and reveals how Kongo-infused Catholicism constituted a site for the formation of black Atlantic tradition. Afro-Catholic Festivals in the Americas complicates the notion of Christianity as a European tool of domination and enhances our comprehension of the formation and trajectory of black religious culture on the American continent. It will be of great interest to scholars of African diaspora, religion, Christianity, and performance. In addition to the editor, the contributors include Kevin Dawson, Jeroen Dewulf, Junia Ferreira Furtado, Michael Iyanaga, Dianne M. Stewart, Miguel A. Valerio, and Lisa Voigt.

**Saints** - Françoise Meltzer - 2011-12-15
While the modern world has largely dismissed the figure of the saint as a throwback, we remain fascinated by excess, marginality, transgression, and porous subjectivity—categories that define the saint. In this collection, Françoise Meltzer and Jas Elsner bring together top scholars from across the humanities to reconsider our denial of saintliness and examine how modernity returns to the lure of saintly grace, energy, and charisma. Addressing such problems as how saints are made, the use of saints by political and secular orders, and how holiness is personified, Saints takes us on a photo tour of Graceland and the cult of Elvis and explores the changing political takes on Joan of Arc in France. It shows us the self-fashioning of culture through the reevaluation of saints in late-antique Judaism and Counter-Reformation Rome, and it questions the political intent of underlying claims to spiritual attainment of a Muslim sheikh in Morocco and of Sephardism in Israel. Populated with the likes of Francis of Assisi, Teresa of Avila, and Padre Pio, this book is a fascinating inquiry into the status of saints in the modern world.

**Fratelli Tutti** - Pope Francis - 2020-11-05
**Evangelical Catholicism** - George Weigel - 2014-04-22

The Catholic Church is on the threshold of a bold new era in its two-thousand year history. As the curtain comes down on the Church defined by the 16th-century Counter-Reformation, the curtain is rising on the Evangelical Catholicism of the third millennium: a way of being Catholic that comes from over a century of Catholic reform; a mission-centered renewal honed by the Second Vatican Council and given compelling expression by Blessed John Paul II and Pope Benedict XVI. The Gospel-centered Evangelical Catholicism of the future will send all the people of the Church into mission territory every day—a territory increasingly defined in the West by spiritual boredom and aggressive secularism. Confronting both these cultural challenges and the shadows cast by recent Catholic history, Evangelical Catholicism unapologetically proclaims the Gospel of Jesus Christ as the truth of the world. It also molds disciples who witness to faith, hope, and love by the quality of their lives and the nobility of their aspirations. Thus the Catholicism of the 21st-century and beyond will be a culture-forming counterculture, offering all men and women of good will a deeply humane alternative to the soul-stifling self-absorption of postmodernity. Drawing on thirty years of experience throughout the Catholic world, from its humblest parishes to its highest levels of authority, George Weigel proposes a deepening of faith-based and mission-driven Catholic reform that touches every facet of Catholic life—from the episcopate and the papacy to the priesthood and the consecrated life; from the renewal of the lay vocation in the world to the redefinition of the Church's engagement with public life; from the liturgy to the Church's intellectual life. Lay Catholics and clergy alike should welcome the challenge of this unique moment in the Church's history, Weigel urges. Mediocrity is not an option, and all Catholics, no matter what their station in life, are called to live the evangelical vocation into which they were baptized: without compromise, but with the joy, courage, and confidence that comes from living this side of the Resurrection.
